## Bernie Hercock RIP

The ERWL and Enfield & Haringey AC lost a great supporter and servant when Bernie Hercock passed away on 25<sup>th</sup> February. Bernie's funeral will take place at 11.30am on 21<sup>st</sup> March at The Enfield Crematorium. A tribute to Bernie appears on page 3.

**Weathered Off** Unfortunately, the adverse weather conditions resulted in the third race of the 2018 series being called off. The next League fixture is the Cecil Gittins Memorial meeting at Gravesend on 14<sup>th</sup> April. It is too early to start making predictions, but currently the table stand as follows:

#### PLEASE NOTE

**London Inter-Club Challenge.** Because of the pressure on track time, there will be three distances: 5km with a time limit of 40 minutes. Almost every walker will know whether this standard is personally attainable, it equates to 23.00 for 3km). For walkers unable to attain this standard, times at 1km and 3km will be recorded and League points awarded.

In spring-like conditions three dozen walkers turned out for this the second fixture of 2018. David Crane and George Wilkinson were soon opening a gap between themselves and the rest of the field, but the young Enfield athlete soon had to give ground to the Surrey man, who by the two mile marker had edged clear. Helen Middleton and Melanie Peddle continued their rivalry: in the first race Helen had a 24 second cushion and on this occasion it was only 14. Meanwhile, there was another tussle involving Stuart Bennett, John Ralph and Steve Allen, whilst the Ilford ladies in their second League race showed improvement. Clare Parkinson in her debut walking race displayed promise and was one of three to better the hour for the first time.

It was pleasing to see two Leaguers; Diana Braverman and Brian Boggenpoel, who for various reasons have been absent from the scene for a number of years.

## Bernie Hercock RIP

Born 29<sup>th</sup> October 1936, Bernie started running when he was at school and joined Ponders End AC on 13<sup>th</sup> May 1953 as a sprinter and won the junior 100yards and placed third in the junior 220 and junior discus. In 1965 the club amalgamated with Enfield AC to form Borough of Enfield Harriers and twenty-four years later with Haringey to become Enfield & Haringey AC.

It was during his national service that Bernie switched from sprinting to longer distances representing his battalion at cross country running and track events over 880 yards. Bernie's first road race was the 1959, Westerham 10 miles in which he clocked 58.10 and following a two year apprenticeship at the road running game he bettered two hours, 1.59.30 over twenty miles when tackling Hayes, Kent open in 1962. In the same year he decided to have a go at the marathon, choosing the famous Poly Windsor to Chiswick event to make his debut. He recalls the thrill that the race was started by HM The Queen and Duke of Edinburgh in the private grounds of the castle. His time was 2.56.22.

After his flirt with the longer distances he concentrated on road and country, his real passion being road relays like the Leyton-Southend, London – Brighton and Bristol – Weston. Over the ensuing decade and a half, he got so wrapped up in his running that he found himself training six days a week, clocking up in excess of one hundred miles. All this hard work along with Bernie's obvious talent produced an impressive list of pb's: 5 miles 24.56, 6 miles 28.59, 10 miles 53.08, 20 miles 1.50.50, half marathon 71.21, 25km 1.26.31 and 2.26.31 in the Manchester Maxol marathon. In addition he won club track championships completed several of the Orion 15 miles cross country races where his best performance was third place, did the occasional longer event and even the Woodford – Southend 38 mile ultra-classic in 4.14.11.

In the late seventies and early eighties with work and home commitments increasing and three accidents it was inevitable that his running career would taper off. He was knocked down by a car whilst training and although unconscious for several hours, was fortunate to get away with just severe bruising. Although he made a good recovery, he was never quite the same and gave up marathon running in 1983 when he finished outside 3 hours in the London race. He continued running regularly although the effects of back and hand injuries coupled with the *anno domini* factor, he reached the point where running was painful, even though he had cut down drastically the distances and frequency of his training.

Watching an *Enfield League* fixture reminded him of a four race affair he had had with race walking in his early twenties and after helping at subsequent races, decided on 9<sup>th</sup> October 2004 to turn out and have a go. The distance was just 5km which he found wasn't too painful and so a month later did the open seven. After that he had the walking bug and in 2009 turned out to represent the club on a staggering forty-five occasions at distances from 2km to 50km.

He turned out regularly until the 89<sup>th</sup> Enfield Open in 2015, which was amazing in view of the fact that he had a cardiac arrest in May 2010 at the end of a Southern Vets 2km at LVAC, where fortunately, two of his fellow competitors were GP's and probably saved his life and he was diagnosed with cancer three years later.

He often told me, that he felt so grateful to all the *League* people whose encouragement, advice and support enabled him to pick up his athletics career for a spell and later on, help him through the dark days.

He was also a tireless behind the scenes worker for the club and the *League* and in recent year his generosity has been immense; the success of the 90<sup>th</sup> Enfield Open and re-union and the 2012 and 2017 Friendship Walks, just three of many instances where his input was the key factor in their success.

As a fellow athlete, official and friend he will be sorely missed.

Condolences to sons Bernie and Steve, grandsons Daniel and Michael, great grandson Ethan, daughter in laws Sarah and Cat and his sister Audrey.

Thanks for information Ron. He fought hard. I took him up to hospital in London a couple of times and occasionally saw him locally when he was out walking to keep himself as fit as possible.

*John Hall*

That's very sad news. I always admired Bernie's determination not to give up, even when he was down to doing one lap at Donkey Lane or Lee Valley very slowly. He always seemed pleased to get along to your events and see his walking friends. We'll miss his cheerful presence.

## Leaguer's in Action *continued*

Callum Wilkinson (EHAC) put the disappointment of a dq in the national indoor championships at Birmingham on 18<sup>th</sup> February quickly aside a week later, when in the **Glasgow International** indoor meeting he added yet another national u23 record to his tally. It was his own indoor 3km time which he shaved by more than 20 seconds when clocking 10.52.77 in second place behind Tom Bosworth (Tonbridge AC) who set a world best 10.30.28.

The **Masters Indoor Inter-Area** match was staged at LVAC on 4<sup>th</sup> March over 2km. At press time I hadn't got the full result, but I know that Malcolm Martin (Surrey WC/L) 10.39 won a closely fought race with Chris Hobbs (Ashford AC) and that Angela Martin (Surrey WC/L) clocked 14.02.
